The committee needs help with

Sign up for events. Thank you

Outreach Committee

Mary Applen

What the board needs to know

We are starting to assess the need for individual help in using the library. This would be individuals who can't get to the library, have no support people to help them get library items, or can't avail themselves of group home outreach. We want to create a very simple, non-intrusive REQUEST for SERVICES form for anyone who wants this service.

Decisions the board needs to make

No decisions need to be made at this time. We are still looking for further information on the need for

this type of service.

The committee needs help with

Input from other members of the FOL Board can be very helpful

Booksale

Irene Osborn

What the board needs to know

As a result of the much appreciated increase in book donations we do need to purchase two book carts for the pre-sorting room. We used to borrow extra carts from the library but they no longer have empty ones for our use.

Decisions the board needs to make

Purchase of two book carts. I would suggest the same style that we have been using.
